FOR IMMEDIATE RELEASE

GOLDSBORO, N.C. – Geographic Technologies Group® (GTG®) was selected for multiple software contracts including: **Greenville, North Carolina Utilities Commission**—purchased GeoBlade toolset based on ArcGIS Server technology. **The City of Hallandale Beach, Florida**—purchased one (1) additional seat of LGcrimes. **Cabell County, West Virginia**—purchased automated vehicle location (AVL) functionality for their existing LGdispatch product. **Brunswick County, North Carolina**—**utilized GTG to assist in upgrading ArcIMS and ArcSDE to Version 9.2.**

GTG is now expanding due to the recent opening of our new corporate office. There are now many employment opportunities related to this expansion. For more information, visit www.geotg.com/employment.html.

GTG is planning on offering a GIS Manager's Workshop in several major cities throughout the United States in 2008. Check our website regularly for updates and workshops near you.

About Geographic Technologies Group, Inc.:

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America, the Caribbean, and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas, Missouri, and Florida.

Additional information may be obtained by contacting Geographic Technologies Group, Inc. at 888-757-4222 or you can access our Website at www.geotg.com.
