**FOR IMMEDIATE RELEASE**

**GOLDSBORO, N.C.** – **Geographic Technologies Group® (GTG®)** was selected for multiple software contracts and services including: **City of Huber Heights, Ohio** – purchased LG Mobile Community Connect and LG Route. They also upgraded LG Dispatch to LG Dispatch Community Connect. **Sutter County, California** – purchased additional licenses of LG Dispatch and LG Mobile. **City of Albany/Dougherty County, Georgia** – purchased an additional license of LG Route. **City of Bentonville, Arkansas** – purchased LG Address for Public Administration.

GTG was selected to develop a GIS Strategic Plan and Utilities Pilot Project for the **City of Goose Creek, South Carolina**.

GTG performed a server migration for Public Safety software applications for **Douglas County, Kansas**.

GTG implemented and trained the **City of Eureka, California** on LG Dispatch and the ECN Code Red interface for LG Dispatch.

GTG provided implementation and training to the **City of Arcata, California** for LG Dispatch.

GTG provided implementation and training to the **City of Fortuna, California** for LG Dispatch.

GTG upgraded existing software applications to the ArcGIS Server-based Geo Blade software suite and provided GIS consulting services related to ESRI ArcGIS Server Infrastructure for **Emerald Coast Utilities Authority/Escambia County, Florida**.

GTG implemented LG Route for the **City of Albany/Dougherty County, Georgia**.

GTG performed a software upgrade to the MapTouch touchscreen kiosks for **Wayne County, North Carolina's** municipal buildings.

As an ESRI Business Partner, GTG provides integrated GIS software solutions through ESRI's Value-Added Reseller program. We have now made this information readily accessible on our Web site. For a full listing of products or for more information on how GTG can assist your organization in finding the best ESRI solutions to match your needs, visit [www.geotg.com/esripartner.html](http://www.geotg.com/esripartner.html).

**About Geographic Technologies Group, Inc. (GTG):**

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise

solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has more than 700 clients located throughout North America and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and regional offices in Texas and Florida.
