

The City of Fort Pierce, Florida Selects Geographic Technologies Group (GTG) to Implement GIS Software Solutions

Goldsboro, NC – Geographic Technologies Group, Inc. (GTG) announced today that the **City of Fort Pierce, Florida** has procured software and services from GTG. The City procured additional licenses of GTG's LGviewer to expand the City's existing LG platform.

LGviewer provides a set of GIS tools in a simple easy to use desktop application. LGviewer allows for visualization of land management information. Local government professionals have long desired the ability to map and analyze the spatial distribution of all data that is tracked within their enterprise IT systems. LGviewer is designed to GIS enable corporate databases in tandem with existing GIS data to provide a powerful set of tools for visualization and analysis.

Curtis Hinton, CEO and Co-owner of GTG, stated that "We are excited about continuing our relationship with Fort Pierce. The City is growing rapidly and is experiencing pressure to deliver IT services more effectively. The use of LG products is assisting in bringing the City's investments in IT and GIS together to better serve Fort Pierce's needs."

About Geographic Technologies Group, Inc. (GTG):

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America, the Caribbean, and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains six offices located across the United States: Headquarters in North Carolina, and Regional Offices in Florida, Illinois, Oregon, Pennsylvania and Texas.
