Geographic Technologies Group Adds Locations to Offer GIS Manager's Workshop

Goldsboro, N.C. – Geographic Technologies Group, Inc. (GTG) is offering their popular GIS Manager's Workshop in several cities nationwide in the upcoming months. Locations include Kissimmee, Florida on February 25; West Palm Beach, Florida on March 17; Prince Frederick, Maryland on March 19; and Olympia, Washington on May 7. The workshop is ideal for GIS Managers and IT Directors.

Topics covered in the workshop include Managing GIS, The Governance of GIS, The Enterprise Implementation of GIS, and The Business Case for GIS, with a focus on local government. Don't miss out on the opportunity to learn how to effectively find funding for your GIS.

The GIS Manager's Workshop was originally created for GTG's grand opening in early December. The outpour of positive feedback prompted GTG's owners, Curt Hinton and David Holdstock, to take the workshop on the road, further benefiting GIS professionals throughout the nation. Hinton and Holdstock plan on visiting over ten cities throughout the year.

For more information on these GIS Manager's Workshops or future workshops, contact Jessica Horton at 888-757-4222 or training@geotg.com.

About Geographic Technologies Group, Inc. (GTG):

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas, Florida, and Missouri.

Additional information may be obtained by contacting Geographic Technologies Group, Inc. at 888-757-4222 or you can access our website at www.geotg.com.
