**Geographic Technologies Group Announces the Grand Opening of a New Corporate Office**

**Goldsboro, N.C.** – Geographic Technologies Group, Inc. (GTG) is proud to announce the grand opening of a new corporate office and training center. GTG will host a ribbon cutting ceremony on Monday, December 10<sup>th</sup> at 12 noon. GTG's new corporate office houses 30 staff members and a training facility that accommodates up to 20 students. Geographic Information Systems (GIS) Manager's Workshops and ESRI certified ArcGIS I & II training will be offered during the grand opening week. More information on the training center can be found by visiting, [www.geotg.com/gis](http://www.geotg.com/gis).

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas, Florida, and Missouri.
