## **The Town of Greenwich, Connecticut Selects Geographic Technologies Group (GTG) to Offer GIS Training Services**

**Goldsboro, NC**– Geographic Technologies Group, Inc. (GTG), a leading provider of professional GIS services and software for local government, announced today that the **Town of Greenwich, Connecticut** has retained GTG to offer consulting services for Geographic Information Systems (GIS) Training.

Curtis Hinton, CEO and Co-owner of GTG, stated, “ we are excited about continuing to work hand-in-hand with Greenwich staff. Existing staff understand that training is the key to full understanding and utilization of the Public Safety tools in which they have invested. GTG is working with our client base to establish an on-going training regimen to insure that they are getting the biggest bang for their software dollar. ”

### **About Geographic Technologies Group, Inc. (GTG):**

*GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.*

*GTG has over 700 clients located throughout North America, the Caribbean, and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains six offices located across the United States: Headquarters in North Carolina, and Regional Offices in Florida, Illinois, Oregon, Pennsylvania and Texas.*

Additional information may be obtained by contacting Geographic Technologies Group, Inc. at 888-757-4222 or you can access our website at [www.geotg.com](http://www.geotg.com).
