FOR IMMEDIATE RELEASE

GOLDSBORO, N.C. – Geographic Technologies Group® (GTG®) would like to announce that the **Town of Davie, Florida** has selected GTG to complete a three-year phased, GIS needs assessment. The needs assessment will include an evaluation and analysis of the current system and recommend a GIS strategic plan for the Town. GTG also contracted with the **City of Greenville, North Carolina** to provide ArcGIS training for key City personnel.

GTG was selected for software contracts including: Tyler County, Texas- LGmobile Community Connect, (25) additional licenses. **Sutter County, California-** LGmobile Community Connect, (2) additional licenses. **Ouachita Parish, Louisiana-** Upgraded LGdispatch software to LG Community Connect, (60) workstations. **The City of Jacksonville, North Carolina-** (1) additional seat of LGdispatch with LG Community Connect. **St. Petersburg, Florida-** purchased (1) LGroute and (1) LG Work Orders. **The City of Aventura, Florida-** Upgraded from LGdispatch to LGcommunity Connect.

GTG is pleased to announce our expansion in our Kansas City, Missouri office with the addition of Mr. **Mark Hanway**, as our newest GIS Solutions Provider. Mr. Hanway brings with him a wealth of knowledge, with over ten years of experience in the GIS field. Mr. **Nicholas Gosselin** has also recently joined the GTG staff as a Programmer in our North Carolina office. Also joining the North Carolina office is Mr. **John Payne**, who will be assisting our Technical Support team.

About Geographic Technologies Group, Inc.:

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America, the Caribbean, and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas, Missouri, and Florida.
