GTG Welcomes GIS Solutions Provider John Dombzalski to North Carolina Corporate Office

GOLDSBORO, N.C. – Geographic Technologies Group, Inc. (GTG) is pleased to welcome GIS Solutions Provider John Dombzalski to their North Carolina corporate office. Dombzalski will assist local government organizations in finding solutions that meet their GIS needs while providing a return on investment.

Dombzalski holds a Bachelor of Arts degree in environmental geography and previously worked for a county planning commission in Pennsylvania where he utilized his GIS skills on a daily basis. His intimate understanding of local government will allow him to better serve GTG's client base.

"We are confident that John will be an asset to the GTG team," said Chip Craig, GTG's Director of Client Services. "His enthusiastic energy and dedication to providing our clients with unmatched products and services mirrors GTG's ultimate goal of 100 percent client satisfaction."

Dombzalski says he is most looking forward to assisting diverse agencies in their GIS endeavors and expanding his GIS knowledge.

"The solutions GTG provides are cutting edge with completely intuitive interfaces," said Dombzalski. "Without hesitation, I can assure our clients are not only receiving top-of-the-line products and services, but they are also receiving my complete dedication to their overall success."

For more information on GTG, as well as products and services offered, visit www.geotg.com or call 888-757-4222.

About Geographic Technologies Group, Inc.:

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has more than 700 clients located throughout North America, the Caribbean, and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas and Florida.
