Understanding Local Government

1.888.757.4222 www.geotg.com

**GOLDSBORO, N.C. – Geographic Technologies Group® (GTG®)** would like to announce that the **City of Blue Springs, Missouri** has secured a multi-year contract with GTG to implement the recommendations from their GIS Implementation Plan that GTG conducted for the City in 2006.

**GTG was selected for software contracts including:** The City of Sugar Land, Texas – LGaddress (Land), LGworkorders. Sutter County, California – (1) LGcrimes additional lease. The City of University Park, Texas- Upgrades in LGdispatch and LGmobile Maps upgrades to Community Connect. Ozaukee City, Wisconsin- (1) LGaddress for Public Safety. The City of Broken Arrow, Oklahoma- (5 workstations) LGfires Map. The City of Roswell, Georgia- 1 day of LGcrimes training and installation LGdispatch. The Village of Lansing, Illinois- Training on LGcrimes and LGdispatch.

**GTG** is pleased to announce that **Matt Tapp** will be joining our winning team of GIS professionals; Mr. Tapp will be our GIS Solutions Manager in our **new** Kansas City, Missouri office. Mr. Tapp brings over seven years of professional experience working in both the public and private sector of GIS development.

**GTG** recently introduced a new version of MapTouch (3.0), which offers users N-tier search grouping. MapTouch 3.0 also offers enhanced design appeal as users are able to define button shape and appearances; other promising features include the multi-criteria search capabilities and interactive web browser capabilities.

#### **About Geographic Technologies Group:**

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America, the Caribbean, and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas, Missouri, and Oregon.

Additional information may be obtained by contacting Geographic Technologies Group, Inc. at 888-757-4222 or you can access our Website at [www.geotg.com](http://www.geotg.com).
