**FOR IMMEDIATE RELEASE**

**GOLDSBORO, N.C.** – **Geographic Technologies Group® (GTG®)** was selected for multiple software contracts including: **Greenville County, South Carolina EMS-** purchased five (5) seats of LGmobile Community Connect, and one seat for LGroute. **The City of Lake Charles, Louisiana-** purchased five (5) seats of LGcrimes.

GTG was awarded several contracts including: **The City of Elgin, Illinois-** to perform land file normalization and address cleanup services. **Goochland County, Virginia-**GIS services convenience contract. **Campbell County, Wyoming-** to utilize GIS for airport infrastructure management.

Information on GTG's new corporate training center and classes, as well as registration forms are now available online. Visit [www.geographictechnologiesgroup.com](http://www.geographictechnologiesgroup.com) for more information.

GTG is pleased to welcome both **Emily Jungblut-Swinarski** and **Summer Purcell** as Business Development Assistants, as well as **Adam Proctor** as a member of the GIS field crew.

**About Geographic Technologies Group, Inc.:**

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America, the Caribbean, and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas, Missouri, and Florida.
