**FOR IMMEDIATE RELEASE**

**GOLDSBORO, N.C. – Geographic Technologies Group® (GTG®)** was selected for multiple software contracts including: **The City of Corpus Christi, Texas-** (29) seats of LGaddress Land Management and one (1) Community Maintenance Module. **Pasco County Sheriff's Office, Florida-** (320) seats of LGmobile Community Connect, an upgrade to LGdispatch, and one seat for LGroute. **Montgomery County, Ohio-** purchased LGaddress for Land Management. **St. Lucie County, Florida-** purchased LGcrimes- additional searches for sexual predators. **The City of Yuma, Arizona-** purchased (25) seats of LGcrimes. **St. Mary's County, Maryland-** purchased LGroute. **Tazwell County, Illinois-** purchased (25) seats of LGdispatch, (150) seats of LGmobile, and four (4) seats of LGroute. **Hanover County, Virginia-** purchased seven (7) additional seats of LGviewer.

GTG was awarded a contract to complete a GIS Strategic Plan for **the County of San Luis Obispo, California.** The plan will out-line GIS needs and a three-year strategic plan for GIS implementation in the County.

**About Geographic Technologies Group, Inc.:**

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America, the Caribbean, and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas, Missouri, and Florida.
