Ozaukee County, Wisconsin Selects Geographic Technologies Group (GTG) to Implement New GIS Software Solution

Goldsboro, NC – Geographic Technologies Group, Inc. (GTG) announced today that **Ozaukee County, Wisconsin** has expanded their implementation of GTG's LG GIS software suite. The County's system has acquired licenses of LGaddress for Public Safety to expand the existing LG platform which includes other GIS applications.

LGaddress for Public Safety is a Bi-directional Geographic Information System (GIS) software application that allows spatial management of the Master Street Address Guide (MSAG). LGaddress for Public Safety offers innovative bi-directional GIS functionality including: 1) Data that resides on a GIS can now be automatically and seamlessly integrated into the MSAG, and 2) Data that resides in the MSAG can now be automatically and seamlessly integrated into the LGaddress for Public Safety GIS application.

LGaddress for Public Safety allows the user to update Geofile records with spatial information residing in a GIS. Spatial overlay capabilities allow the user a window into GIS and Geofile records.

Sean Hawley, GIS Manager for GTG stated, "LGaddress for Public Safety will allow Ozaukee County to maintain addresses for 9-1-1 purposes and provide the best services possible for the public."

About Geographic Technologies Group, Inc. (GTG):

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America, the Caribbean, and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains six offices located across the United States: Headquarters in North Carolina, and Regional Offices in Florida, Illinois, Oregon, Missouri, and Texas.
