FOR IMMEDIATE RELEASE

GOLDSBORO, N.C. – Geographic Technologies Group® (GTG®) was selected for multiple software contracts including: **City of St. Cloud, Florida**—upgrading their LGweb, LGdispatch, and LGcrimes applications to the ArcGIS Server environment. **City of Roswell, Georgia**—upgrading LGdispatch to LGdispatch Community Connect. **City of Baytown, Texas**—purchased 10 licenses of Geo Blade Viewer. **Horry County, South Carolina**—purchased Geo Alert for E-911 reverse notification.

The City of Fort Pierce, Florida selected GTG to develop a multi-year, phased GIS Strategic Implementation Plan.

The City of Hoover, Alabama selected GTG to perform GIS services including updating address points and street centerlines.

GTG is pleased to welcome **Jason Knowles** as a Senior GIS Specialist.

Online registration for GTG's GIS Manager's Workshop in Forsyth County, Georgia, is now open. For more information, visit www.geotg.com/training.

GTG is pleased to announce the release of **Geo Blade Mobile**, one of the blades incorporated into the **Geo Blade software suite**. Geo Blade Mobile is a portable GIS application used in local government vehicles, such as police cars and utility vehicles. AVL enabled, the simple mapping interface displays the real time location of local government vehicles. For more information on Geo Blade Mobile, as well as other available blades in the Geo Blade series, visit www.geotg.com/geoblade.

About Geographic Technologies Group, Inc. (GTG):

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas, Florida, and Illinois.

Additional information may be obtained by contacting Geographic Technologies Group, Inc. at 888-757-4222, or you can access our website at www.geotg.com.
