FOR IMMEDIATE RELEASE

GOLDSBORO, N.C. – Geographic Technologies Group (GTG) would like to announce the following municipalities and local governments that have selected GTG for products and services. **The City of Kissimmee, Florida** has selected GTG to complete a data development project. **The Town of Clayton, North Carolina** has selected GTG to complete a GIS needs assessment and implementation plan. **The Town of Gulf Breeze, Florida** has also selected GTG to complete a GIS needs assessment and implementation plan. **Richland County, South Carolina** has requested the services of GTG to complete an update to their GIS implementation plan. **The City of Marietta, Georgia Board of Light and Water** has selected GTG to complete a GeoBlade VIEWER for GBA Master Series implementation.

GTG was selected for multiple software contracts including: City of Danville, Virginia – (1) Additional License of LGcrimes; City of Fort Pierce, Florida – (5) LGviewer.

About Geographic Technologies Group, Inc. (GTG):

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America, the Caribbean, and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains six offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas, Florida, Illinois, Oregon, and Pennsylvania.
