Seats Still Available in Geographic Technologies Group's GIS Manager's Workshops

Goldsboro, N.C. – It's not too late to reserve your spot! Geographic Technologies Group, Inc. (GTG) is still accepting registration forms for their upcoming GIS Manager's Workshops. GTG will be visiting Palm Beach, Florida on March 17 and Prince Frederick, Maryland on March 19. This workshop is ideal for GIS Managers and IT Directors.

"This workshop is outstanding," said Brian Sterling, GIS Manager of the City of La Porte, Texas and a recent attendee of the workshop. "As a GIS Manager, all of the topics covered are critical to my role in the organization."

Topics covered in the workshop include Managing GIS, The Governance of GIS, The Enterprise Implementation of GIS, and The Business Case for GIS, with a focus on local government. Attendees learn how to successfully find the necessary funding for their GIS.

GTG will also be holding a GIS Manager's Workshop in Olympia, Washington on May 7.

For more information on GTG's GIS Manager's Workshop or to register, contact Jessica Horton at 888-757-4222 or training@geotg.com.

About Geographic Technologies Group, Inc. (GTG):

GTG is a full-service local government GIS consulting company offering specialized experience in the planning, design, implementation, and procurement of geo-technologies. GTG has unmatched technical GIS capabilities, demonstrated successes, international experience, and a reputation for successfully implementing the right solutions. GTG develops GIS products that spatially enable various enterprise solutions and integrates an organization's IT investment via a common interface. GTG also offers stand alone products for land management, public safety, public access, touch screen technology, and utilities.

GTG has over 700 clients located throughout North America and Europe and serves all levels of government as well as the private sector. To support our clients, GTG maintains four offices located across the United States: Headquarters in North Carolina, and Regional Offices in Texas, Florida, and Missouri.

Additional information may be obtained by contacting Geographic Technologies Group, Inc. at 888-757-4222 or you can access our website at www.geotg.com.
